

Baptisms are celebrated in our Sanctuary during the 9:30 am Sunday worship service on a mutually agreed upon date by the family of the one who is to be baptized and our pastor. Although our tradition is to baptize infants, the sacrament is also available to older children and adults who have not previously been baptized. Please contact our church office for more information on the sacrament of baptism, its meaning, its importance, and the traditions of Somers Congregational Church. If you are already a member, we rejoice with you. If you are not, we rejoice and we hope you will take the opportunity to learn more about us and consider becoming part of our community.
