

Weddings

Those wishing to be married in our church should contact our church office at least six months prior to the selected date to discuss dates and times available at the church. You will be sent a booklet with guidelines for planning your wedding in our church, information about our pastor and organist, and a fee schedule. Once you and our pastor have confirmed a date and time for your wedding and a small deposit has been paid, you will be ready to sit down with the pastor and plan the details of your wedding service. Our pastor is happy to guide you in the planning process to create a marriage celebration that is uniquely yours. Weddings in our sanctuary must be conducted by our pastor. One of the options available for your wedding is a Candlelight Service which includes using the chancel candelabra and twelve aisle candles that add beauty to an evening wedding.

Our church facility is ADA compliant with elevators to all three levels and wheelchair access to all areas. We have rooms on level one and two where the wedding parties can gather to prepare for the big moment. You will find these accommodations to be very comfortable and welcoming.

Our Foundation Room, located on the first level, is equipped with a full service kitchen that can be made available for a reception where food can be prepared on site or brought in by a caterer of your choice. For more details, please ask when you contact the church to discuss your wedding plans.
