

Welcome to Somers Congregational Church where we strive to provide an extravagant welcome for all. Just as there are many understandings of God's presence, we believe that each person is unique and precious in God's sight. We celebrate the myriad ways that God's Spirit unfolds in community. Diversity is celebrated for we believe that God is still speaking and revealing God's self in the world.

Authentic worship experiences with marvelous music and folks of all ages join at 9:30 a.m. on Sunday mornings. As we worship together, we find unity through our commitment to service as we open our hearts to God.

Children are precious and included in all aspects of church life. Children begin worship with their families in the Sanctuary and then continue with age specific opportunities with caring adults who serve through the Christian Education programs.

As a member of the United Church of Christ (UCC) we celebrate two sacraments; Communion and Baptism. Communion is shared on the first Sunday of each month and is open to all. Baptisms are arranged in consultation with the Minister and Board of Deacons.

During our current interim journey, *Where we have been, Where we are now* and *Where God is calling us into the future* forms the triune commitment for our faith community. An important cornerstone for our commitments to the community is working for justice through mission and service. Our service includes providing a physical home for the local Food Pantry, Champs Place. Members of the Mission Team serve meals at the Loaves and Fishes program in Enfield and the Friendship Kitchen in Stafford Springs to name a few.

All these aspects are just a beginning of what the Somers Congregational Church, UCC, has to offer. We hope you will come and check us out, attend an event, and experience open hearts and hands as we strive to serve the living Christ in the world.

In faith,
Rev. Deborah Tate Breault
Interim Minister
